

NINETEEN DEAD SCORE INJURED BOAT COLLISION

KAISER WILHELM AND STEAMER
ORINOCO BOTH BADLY
DAMAGED.

DETAILS ARE STILL LACKING

Each Captain Today Places Responsibility for Accident at Sea Upon the Other.

Cherbourg, Nov. 22.—Nineteen persons are dead or missing, a score seriously injured and the North German Lloyd liner, Kaiser Wilhelm der Grosse and the Royal Mail steamer, Orinoco, badly damaged and laid up for repairs as a result of a collision off this port last night.

The details are lacking and both of the steamship companies are reticent regarding the disaster but it is known that a panic reigned on both boats, but cool action on the part of officers prevented greater loss of life. Each captain places the responsibility on the other but the facts seem to indicate that the Orinoco attempted to cross the Kaiser's bow expecting the latter to pass to port. A hole twelve feet wide was stove in the Kaiser and the stern of the Orinoco above the water line was torn away. Four steerage passengers on the Kaiser were instantly killed and a dozen were seriously injured. Four members of the crew of the Orinoco were killed and seven were injured. Five others were knocked overboard. It is believed these men were drowned.

NUMBER DROWNED IN GREAT LAKES

Sandusky, O., Nov. 22.—The barge Athens, Capt. Mackey of Milwaukee, and crew of six men are probably lost. The steamer Pratt entered port today and reported the loss of the Athens, which was being towed by the Pratt. The vessel broke apart last night in the gale.

Chicago, Nov. 22.—The steamer Frontenac for which fears were felt last night, was located at Racine, Wis., today.

Detroit, Nov. 22.—A dispatch from Toronto says: The barge Resolution from Erie, Pa., has been sunk and six sailors drowned.

Muskegon, Mich., Nov. 22.—Six lives are believed to have been lost in a gale which swept Muskegon last night. An unidentified steam launch supposed to be from White Hall, left the harbor here, ignoring the warning of the life saving crew. Neither the launch nor its passengers have been heard from.

CELLULOID EXPLODES

Owner of Plant, His Wife and a Boy
Blown Through Window to the
Street Below.

New York, Nov. 22.—By the explosion of celluloid in the plant of the Bouffard Comb company, on East Fifty-eighth street, the owner of the business, Charles Bouffard, his wife and a boy employed by him, were blown through the window to the street below. The woman was instantly killed. Bouffard is dying and the boy is seriously injured. The explosion wrecked the third floor, and fire that followed, though it was soon extinguished, badly burned several employees of adjoining plants, among whom there was a panic for a time.

CHICAGO WOMAN

Asks the Federation of Labor to Aid
Her in Keeping Her Husband
Home at Night.

Chicago, Nov. 22.—Mrs. P. Q. Madigan has appealed to the Chicago Federation of Labor to aid her in keeping her husband home of nights. In a letter written to the Federation Mrs. Madigan says that until recently her husband, who owns a store and employs union labor, has been able to close his store at 6 o'clock and spend his evenings at home. Recently however, a competitor has inaugurated a system of keeping open nights and on Sunday mornings. Mrs. Madigan asks that the Federation take some action to close up the competitor.

Secretary E. N. Nickels of the Federation, in response to the letter said he would call on the "competitor" and try to force him to close.

DECISION IN SUGAR CASE

In Which Trust is Accused of Accept-
ing Rebates Will be Given on
Next Tuesday.

New York, Nov. 22.—The New York Central railroad was fined \$18,000 today by Judge Holt, in the federal court, following the finding of the road guilty on another count of the indictment charging violation of the Aikens act by granting rebates to the sugar trust. Motions for a new trial and postponement of the sentence were overruled. The decision in the case of the sugar trust, which has also been under fire for accepting rebates will be made Tuesday.

CHAMBERLAIN PHYSICAL WRECK

A STATEMENT OF HIS CONDITION
CREATES SENSATION IN
ENGLAND.

Mr. Chamberlain's Relatives Endeav-
ored to Keep Conditions of Pa-
tient a Secret.

London, Nov. 22.—Joseph Chamberlain is a wreck and his condition is hopeless, according to the weekly review, John Bull, today. The paper

JOSEPH CHAMBERLAIN.

says: "Chamberlain is nervous, voiceless and almost a sightless paralytic. His original seizure occurred four months ago. He is now wheeled twice a week with the utmost difficulty to his Orinoid house." This statement has created a sensation as Mr. Chamberlain's relatives have endeavored to keep his condition secret.

ICE MEN FINED

Plead Guilty to Conspiracy—Say Ice
Exchange Fixing Prices is
Dissolved.

Philadelphia, Nov. 22.—Five of the 14 ice dealers who were placed on trial in the criminal court here on a charge of conspiracy to raise the price of ice threw themselves upon the mercy of the court. They are: Samuel Freer, Joseph W. Richardson, John S. Gustine, J. E. Birchler and John Moore. They were fined \$75 each and costs. Counsel for the ice men announced to the court that the Philadelphia ice exchange, through which it was alleged the price of ice was fixed, had been dissolved.

TWO MEN MISSING THEIR FATE UNKNOWN

Scranton, Pa., Nov. 22.—Nine Foreman Evans and Wire Boss William of the central shaft of the Delaware Lackawanna and Western company, have been missing since yesterday afternoon. Their fate is unknown, and whether they are victims of an explosion or fall of the roof can only be determined after a most thorough search of the mine. Two searching parties reported that they found no trace of either. Another rescue force was lowered into the shaft this morning.

Robbers entered the postoffice at West Baltimore, Darke county, O., and carried away \$65 cash and \$135 in stamps.

TWO MEN DROWN THIRD IS SAVED AT CHARLEROI

PRESS DISPATCH SAYS ONE VIC-
TIM ED. W. HARDING LIVED
IN NEWARK.

IS NOT KNOWN IN NEWARK

Special from Charleroi, Pa., Gives
Man's Residence as Cincinnati.
A Skiff Overturned.

Press dispatches from Charleroi and Monessen, Pa., tell of the drowning of two men, Edw. W. Harding and F. W. Campbell. A message from the latter place gives Mr. Harding's residence as Newark, O., while advices from Charleroi, say Mr. Harding lived at Cincinnati.

No such name appears in the city directory and interviews with local members of the Harding family fail to throw light on the man's identity. A Charleroi special dispatch which gives details of the accident follows: Charleroi, Pa., Nov. 22.—A skiff containing three men went over lock No. 4 dam Wednesday and two men were drowned, the third saving himself by jumping into the stream and swimming to the eastern shore.

The two men drowned were Frank W. Campbell, who lived in Eleventh street and Edw. W. Harding of Cincinnati. D. C. Newkirk, who saved himself by jumping is also a Cincinnati man.

The three were employees of the American Bridge company and were tearing out the false work under the second span of the bridge. A piece of timber which was being taken down floated away and the men rowed after it toward the dam and before they realized their danger the boat and its occupants were carried beyond control. No trace of the bodies can be found.

Monessen, Pa., Nov. 22.—While catching logs in the Monongahela Wednesday, two men Edward W. Harding of Newark, O., and Frank Campbell of Charleroi, Pa., were drowned and a third had a narrow escape from a similar fate when the small boat they were in was swept over the dam by the strong current of the river.

D. C. Newkirk, the third man, who is suffering from shock and exposure, was also carried over the dam by the current and swept about 700 yards below the lock, but saved himself by holding to an abutment.

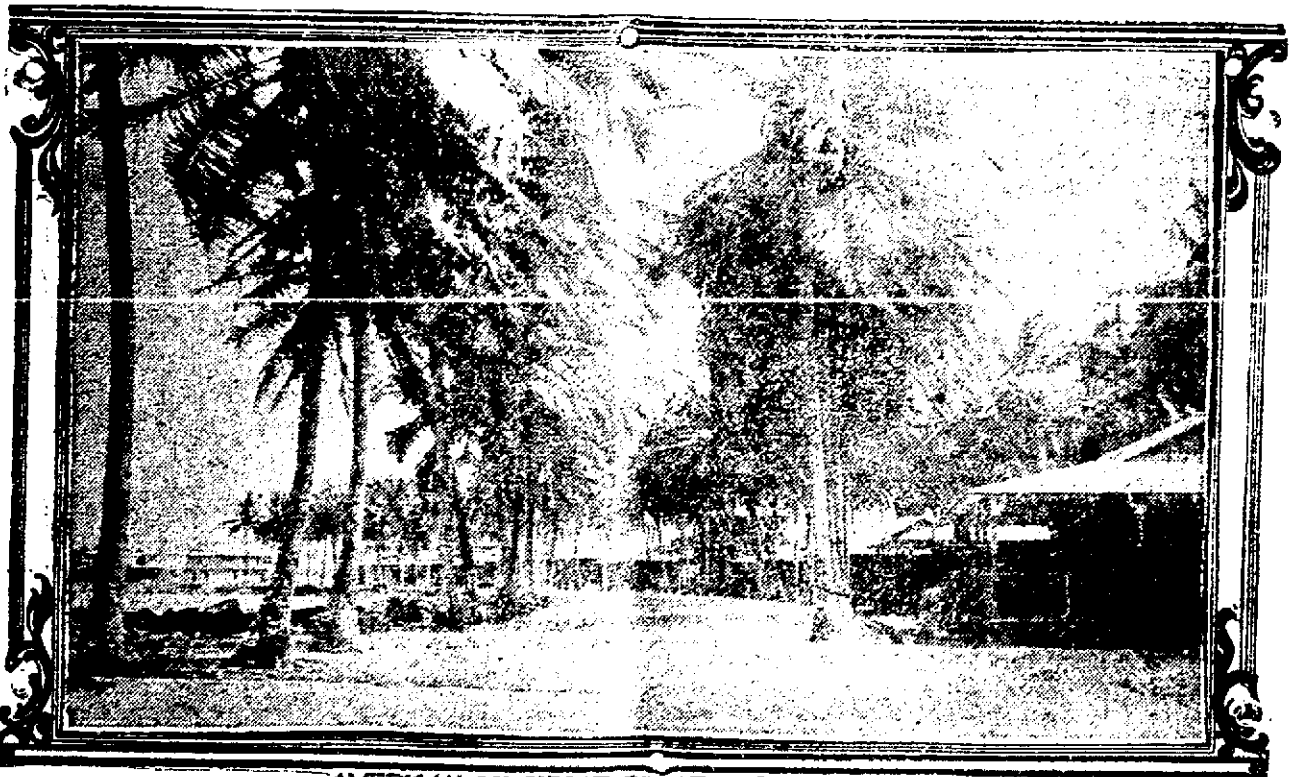

UNWRITTEN LAW IS UPHELD

Wilmington, Del., Nov. 22.—Wm. T. Henderson who on Tuesday night shot Nathaniel Hutchinson, a street car conductor, four times, nearly killing him, was today fined \$20 and costs, or about \$5 a piece for the bullets. Hutchinson boasted of being intimate with Henderson's wife and was the cause of Henderson separating from her. Henderson pleaded the unwritten law and the judge sustained his contention.

LONGWORTH VISIT GROTON.

Boston, Nov. 22.—Mr. and Mrs. Nicholas Longworth left Boston today for Groton where they will visit Kermit Roosevelt, Mrs. Longworth's brother, who is a student at the Groton school. The Longworths will attend the Harvard crew dinner at Harvard Union seminary.

GOV. HARRIS APPROVES LID

CHIEF EXECUTIVE DECLARES IN
FAVOR OF SUNDAY AND
MIDNIGHT CLOSING.

Pointing Out Way in Which Mayors
May be Reached for Failing to
Enforce Law.

Columbus, O., Nov. 22.—Governor Harris has declared in favor of the enforcement of the Sunday lid and midnight closing of saloons. While his hands are tied because of a defect in the law giving the governor power to remove the mayor of a municipality, Governor Harris points out a way in which mayors may be reached for failing to enforce the laws. He cites sections 1732 to 1736 of the general statutes, which provide for the impeachment of a mayor through proceedings in the probate court, saying that any citizens feeling aggrieved may invoke these statutes against a mayor. "I approve the course of Mayor Badger in closing the saloons of Columbus on Sunday and at midnight," said the governor, "and I would like to see the mayors of the other municipalities of Ohio emulate the example set by Mayor Badger."

HARRIMAN'S VIEWS

Chicago, Nov. 22.—"I believe in people owning the railroads, not through the government, but through private corporations. I don't believe in small groups controlling the roads, but the existence of this condition is due to the operation of the anti-trust laws. Centralization of ownership was made necessary to prevent violations of that law." Thus spoke E. H. Harriman, railroad magnate, this morning.

BANK TELLER IS UNDER ARREST

A SHORTAGE OF THIRTY-ONE
THOUSAND FOUND IN HIS
ACCOUNTS.

Cavagna Readily Admitted Guilt and
Said He Had Taken Money in
Small Amounts.

Cincinnati, O., Nov. 22.—Bartholow G. Cavagna, receiving teller of the First National bank of this city, was arrested by United States Marshal Eugene L. Lewis here, charged with embezzling \$31,600.

The shortage was discovered when a letter was received concerning an out-of-town account. The letter stated that the items of the account were not credited until three weeks after it was sent to the bank.

Cavagna readily admitted his guilt, and stated that he had taken the sum in small amounts. His method was very simple. He did not have to keep a separate set of books, and claims he took the money from only six large firms doing business with the bank in this city. If one of these firms brought \$1,111 to the bank Cavagna would scratch out the first figure and make an entry of \$111, which he sent to the bookkeeper. Cavagna would credit the proper amount in the depositor's passbook and when the time came to balance the books he would request the depositor to hand the books to him, which was done in all cases.

Cavagna stated that he had only six accounts to watch, and when the passbook was brought to him he would make out a deposit slip covering the amount of his shortage. It is said Cavagna's shortage is fully covered by surety bonds.

FINANCIER OF 20 "MAKES" \$10,000 IN SIX MONTHS

YOUNG DILLON CLERK CREATES
TWO TRUST COMPANIES IN
IMAGINATION.

AND DEFRAUDS CUSTOMERS

Earning \$10 a Week Last Gives Mil-
lion Capital to One of His
Institutions.

New York, Nov. 22.—George Dillon, a financier at the ripe age of twenty, created two great trust companies out of his imagination, electing himself, under other names, their presidents, appropriated to them the board of directors of a reputable business association and profited from them \$10,000, at least, in six months.

This imaginative master of finance has confessed that he gave a capital of \$1,000,000 to one of his shadowy companies, and assured his dupes that its president whom he pleased to call Arthur Laurel, is a former trustee of the Carnegie Hero Fund.

Dillon, who earns about \$10 a week, recently cashed a draft of \$200 drawn by Francis Van Dresser, and another for \$300 L. A. victim in Milwaukee. Police Magistrate Walsh has sent Dillon to jail.

Ward Smith, manager of a fruit house, hired Dillon last June. The youngster in opening the mail, obtained business addresses and sent out his literature. In a week, Dillon confessed he built the two trust companies out of his mind. He sent out a handsome prospectus offering flattering inducements to purchasers. Many of these and other evidence were found in the boy's room.

BRITISH AMBASSADOR

Rumor Current in London That John
Bryce, the Author, May be
Selected.

London, Nov. 22.—An interesting rumor was current in the lobby of the house of commons to the effect that James Bryce, the author of The American Commonwealth, and now chief secretary for Ireland, is likely to be selected to fill the vacant ambassadorship at Washington. No confirmation of this rumor can be obtained, and it is believed the government has not yet decided the matter, but this suggestion falls in with the growing feeling in high quarters here that the Washington embassy will be filled by a man of exceptional weight, who possesses a sympathetic understanding of the American people and American affairs.

Sandusky, O., Nov. 22.—Answering signals from across the bay this morning men discovered Fred Marshall, a coal dealer watching over the corpse of Ottomar Zistel. The two had gone hunting. Their boat capsized and after swimming ashore in cold water, Zistel fell dead. Marshall started to summon aid but became confused in the darkness and was compelled to return to his friend's body and he remained there all night.

CARUSO CASE

Great Italian Tenor Faced an Audi-
ence of 600—Woman Can Not
Be Found.

New York, Nov. 22.—Enrico Caruso, the great Italian tenor, faced an audience of 600 persons in the Yorkville police court and denied positively that he made indecent advances to a woman in the monkey house in Central park last Friday. He declared that his arrest was due to a plea upon the part of a woman who described herself as "Hannah Graham" because he failed to respond to advances which she made to him. Mrs. Graham was not present to press the charge which she lodged against the singer and the police officers inter-ested in the affair testified that they had exerted every effort to find the woman, but without avail. The case was continued.

THE PRESIDENT SAILS FOR HOME FROM PORTO RICO

ROOSEVELT DUE TO ARRIVE IN
WASHINGTON LATE NEXT
MONDAY NIGHT.

HAD AUTO. RIDE AT PONCE

Assured Auditors He Would Use Ev-
ery Effort to Secure Citizenship
For Them.

San Juan, Porto Rico, Nov. 22.—President Roosevelt was accorded a reception surpassing any ever seen in Porto Rico today at the gubernatorial mansion. Both in numbers and enthusiasm the reception was a record breaker. The crush was so great that many were unable to reach the President to shake his hand. An agreeable incident was the meeting between Mr. Roosevelt and E. C. Morton, who fought by his side at Santiago and was one of the first five to ascend the hill.

Roughness of the sea outside San Juan makes it impossible for the President to board the Louisiana there and he will return to Ponce to embark.

San Juan, Porto Rico, Nov. 22.—After a day and night spent among the people of Porto Rico, President Roosevelt and party sailed today from Ponce for home, and it is expected that Washington will be reached late Monday night.

The president journeyed in an automobile over the famous military road from Ponce to San Juan, and was accorded an ovation by the people of Porto Rico. The 80-mile trip was made in 6 hours, and 30 minutes, counting the time taken up by stops at the principal towns along the route where the president made short speeches to the people. The president in all his speeches dwelt on the affection he held for the people of Porto Rico, and assured them that he would use every effort to secure citizenship for them, that his efforts would be unceasing to help them along the path of true government.

Before leaving Ponce the president was driven to the Roosevelt high school. Here several hundred school children had been assembled and sang "America" as the president drove up. The cornerstone of this building was laid in April, 1903, by the president's daughter, now Mrs. Longworth. The president was greatly pleased with his reception at the school and made a short address. He was showered with flowers by the children as he drove away.

The presidential party left Ponce at the time set by the schedule for the run to San Juan over the famous military road. Eleven automobiles conveyed the party. Stops of three minutes each were made at Juana Diaz, Coamo and Alibonito. At each place the president was welcomed by the mayor and spoke briefly from his automobile.

Arriving at the original entrance to the city of San Juan, where formerly stood the old city hall and gate, a huge arch had been erected by the city and here Mayor Todd and the city officials extended their welcome to the president. He responded in a brief speech, and then, preceded by the Porto Rican provisional regiment, went to the governor's palace, where he spent the night. The president received a particularly warm reception as he passed the Casino, the exclusive Spanish club. President Roosevelt complimented Chief of Police Hamill for the perfect police arrangements. He was deeply impressed with his reception by the populace. Thursday morning the presidential party returned to Ponce, where all boarded the battleship Louisiana, which sailed for Norfolk.

A FATAL FIRE

Many of 300 Women and Girl Em-
ployees Jumped From Windows.
Two Killed.

New York, Nov. 22.—When fire broke out in a 6-story factory building on S. venty-fifth street, occupied as a shirtwaist factory, many of the 300 women and girl employees jumped from the windows. Two were killed. Many other employees were injured. Mary Bufta, 20, jumped from a window with her clothing afire and was killed. Charles Bufta, 34, was badly burned and jumped from a window. He will die. The fire was quickly extinguished. J. Mistlik, proprietor of a collar button factory on the third floor of the building, is missing.

At Birmingham, Ala., the federal jury in the case of Alex R. Chisholm, former paying teller of the First National bank, who defaulted for \$100,000, brought in a verdict declaring the defendant is sane.

PERRY CO. MURDER NOW RECALLED

BY CABLEGRAM FROM HUNGARY
INDICATING MALNAIR IS BE-
ING TRIED THERE.

Shawnee Doctor Directed to Make an
Examination of Remains of the
Late John Veg.

New Lexington, O., Nov. 22.—For a murder committed in this country, Joe Malnair, a Hungarian, is being tried in his native land. A cablegram has been received from the Hungarian authorities requesting that an autopsy be held over the remains of John Veg, the murdered man, who was buried at Shawnee over three months ago. Dr. J. I. Davis of Shawnee conducted the autopsy today.

Last summer Joe Malnair came to America, it is said, seeking the blood of Veg, who, he claimed, alienated his wife's affections and further persuaded her to leave him. It was in August that the two men met at Job's mine, and after a few words in the native tongue, Malnair drew a revolver and shot Veg through the heart, killing him instantly.

Malnair immediately disappeared, but it has been the opinion ever since that he was placed in hiding by some foreigners and furnished means to leave the country. The authorities scoured the hills in search of him for several days, but no traces could be found. The case was taken up by the recent grand jury and an indictment of manslaughter was found against him.

It has just been learned that Malnair went direct to New York and immediately sailed for Hungary. As soon as he reached his native soil he was placed under arrest and it is supposed that his case has been reported to the authorities there by some Hungarian representative in this country.

Sheltered Them, But They Lived

For Divorce.

New York, Nov. 22.—Suit for absolute divorce has been brought in Supreme court, Manhattan, by Mrs. Celia Benjamin McLaughlin, of No.

157 East Twenty-first street. No correspondent is named, but it is set forth that he was guilty of offenses "at divers times and places."

One of the instances mentioned in the complaint was a trip to Philadelphia, when Mr. McLaughlin is alleged to have taken with him, as his wife, a prominent Flatbush woman. Acknowledging that he had been sued for divorce, Mr. McLaughlin, who is reputed to have made more than \$2,000,000 in the last four years, in real estate, said that for five years he and Mrs. McLaughlin had not lived as man and wife, although they lived in the same dwelling, in Flatbush, most of that time.

In his real estate dealings at Brighton Beach and Coney Island, hundreds of thousands of dollars from Cincinnati and Ohio sources have been handled by Mr. McLaughlin and his Cincinnati confederates. In his answer to the charges made by his wife Mr. McLaughlin has filed a general denial. He said that assertions made by his wife as to his attentions to other women are untrue.

MANY MILLIONS

Were Squandered by the Baron, Who
Renowned Judaism for the Wife
He Later Divorced.

Berlin, Nov. 22.—Baron Konigs-waerter, whose paintings were auctioned off, is a worse spendthrift than Count Castellane. He is an Austrian. During the past 12 years he has lived a most extravagant life in Vienna.

The moment he came into his fortune he began to spend it riotously. He paid fabulous prices for pictures and race horses and formed the largest stable in Austria. He lost immense sums at gambling clubs nonchalantly, although he twice won the Austrian Derby. The highest society declined to receive him.

The Baron forfeited under the will \$400,000 which went to Jewish charities when his wife induced him to renounce Judaism and become a Catholic. A divorce a few years later cost him \$500,000. His debts are estimated at \$2,000,000. After the sale of his pictures and horses the Baron will have a small income. His vast estates in Hungary and Bohemia and Moravia are all mortgaged.

WEDDINGS.

SEEDARS-FITZGERALD.

A very pretty home wedding took place in Columbus on Monday evening at 6 o'clock, when Mr. Frank Seedars, a popular young man of this city, and Miss Elsie Fitzgerald, the charming daughter of Mr. and Mrs. James Fitzgerald were united in marriage. About fifty guests were present, the out of town guests being from Circleville and Newark.

The bride was elaborately gowned in mulle over white silk and carried a beautiful bouquet of white roses. At 8 o'clock a wedding supper was served. The young couple received many handsome and useful presents. Mr. and Mrs. Seedars will go to housekeeping immediately in their new home at 100 Poplar avenue, where they will be pleased to see their many friends who extend the heartiest congratulations.

PRESTON-SHURK.

Mr. Walter R. Preston of Waterford, O., and Miss Nellie D. Shurk of Pine street, this city, were married on Wednesday. The ceremony was performed by the Rev. H. S. Bailey, pastor of the West Main street M. E. church at the parsonage at 10 o'clock, in the presence of a number of the friends of both parties. Immediately after the conclusion of the ceremony the happy couple left for Waterford, where they will make their home.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery. Fine New Building Calls Attention
to Some Bad Pavements on
West Main Street.

The completion of Mr. Richard Dold's handsome three story building on West Main street, which he has named the Florentina, creates comment and admiration as a highly creditable structure. The splendid cement pavement in front of the building is one of the very best in the city. The pavement is in marked contrast with some others on West Main street, that are the worst in the city. There is a pretty loud call upon the Board of Service to see that some immediate improvements are made in the sidewalks of West Main that are practically impassable in bad weather.

While the city council is putting down sidewalks all over town, a few cement walks between Fourth and Fifth on the north side of West Main street wouldn't do any harm.

Speaking of sidewalks, when the pavement on West Locust street was put down, the new curbing left the sidewalks from two to three feet short at street intersections. This gets quite

muddy in rainy weather. It would make many residents of that street happy to see repairs made.

NEGROES

To Replace the Colored Troops Dis-
missed From the Army.

Washington, Nov. 22.—Following the statement that the President's order dismissing the three negro companies of the Twenty-fifth infantry would be enforced, Secretary of War Taft says that immediate steps will be taken to recruit colored soldiers to replace the men discharged.

The members of the three companies who were on furlough at the time of the Brownsville affair and three members who are to be tried by court-martial will not be mustered out. Secretary Taft flew straight in the face of the president when he suspended the order directing the discharge without honor of three companies of the Twenty-fifth infantry for declining to divulge the names of the soldiers who "shot up" the town of Brownsville, Tex., and the outcome of the difference between the president and the secretary of war is awaited with much interest.

In his summary of the reports made by the other officers and of his own efforts to discover the guilty soldiers, Brigadier General Garlington declares that every means of getting evidence concerning the shooting was exhausted. All of the three companies were talked with individually and all, he says, evaded questions, and even refused to discuss the events at Brownsville which were known to have enraged the negroes before the riot.

FRAZEYSBURG.

He Rallied at Hospital but Condition
Took Turn for Worse and He
Died in Zanesville.

William G. James, of Chestnut street, Zanesville, accidentally shot himself while hunting in the vicinity of Frazeysburg, Tuesday, and died at the Zanesville hospital at 11:15 on Wednesday night.

Although it was known that his injuries were very serious he rallied for a time after arriving at the hospital and there were hopes that the injured man would recover. Wednesday evening, however, his condition took a turn for the worse and in spite of all efforts to revive him, he passed away shortly after 11 o'clock.

The deceased is survived by a widow and two children.

Schurz Memorial.

New York, Nov. 22.—A Carl Schurz memorial meeting, the first public move in promotion of a permanent memorial planned by a representative committee which was organized soon after the death of the distinguished German-American citizen, was held at Carnegie hall. The attendance was large. Mr. Choate, who presided, spoke briefly, and was followed by former President Cleveland. Mr. Cleveland paid a personal testimonial to Mr. Schurz as a man.

Two Thanksgiving Days.

Vicksburg, Miss., Nov. 22.—In an examination of the new Mississippi code it was discovered that this state will have to observe two Thanksgiving days this year. The framers of the new code unintentionally said that Thanksgiving day should be on the fourth Thursday in November instead of the last Thursday. Consequently today was observed, as will be Thursday of next week, which was the day designated by the president.

Indigestion Can be Cured.

By simply removing the cause, and that is why we are so successful in curing thousands of patients who suffer from indigestion and all attending ills. You cannot have catarrh, rheumatism, neuralgia, disease of the kidneys, headache and scores of other diseases unless you have poison uric acid in the blood, and uric acid poison is formed by the food lying in the stomach too long and allowed to ferment (fer). This causes bloating, which crowds the internal organs and they cannot do their work properly. When your food sours or ferments your blood is then made up of these four juices, and you have uric acid in the blood, you are then liable to have any disease as they all originate from the same poison in the blood. In order to have good blood you must have good nutritious food and that must be properly digested.

DR. JACKSON'S DIGESTIVE AND LAXATIVE POWDERS are guaranteed to digest a hearty meal under the most trying circumstances for they contain every ingredient needed in proper proportion found in the healthy digestive organs. Dr. Jackson's Digestive and Laxative Powders throw off the food and stops fermentation, makes good fresh blood from good fresh food and nature does the rest, so simply assist nature in doing her work. Give our remedies a trial and be convinced, relief from the first dose. On sale by all druggists, or sent direct. Price, 50c and \$1.00. Dr. Jackson's picture on every package. If you want medical advice free, write to A. L. Jackson, A. M. M. D., president of The Jackson Medicine Company, Zanesville, Ohio.

Woman's Natural Enemy

To women, half the difficulty in gaining or retaining good health has been to find out the cause of disease. The other half—avoiding or curing disease—is only a matter of common sense.

Today the world's greatest specialists and scientists have proven that nearly all of women's diseases have one common cause—uric acid—and common sense tells the certain cure.

URIC ACID versus WOMAN'S GOOD HEALTH

Uric acid is a poisonous part of the body's waste matter. It is always present in the blood, but worry, overwork, any nervous strain, not only produces too much uric acid but causes it to be deposited in the various parts of the body.

Thus working or exposure during the menstrual period, worry, nervousness or cramping the waist is followed by deposits of uric acid in the delicate female organs.

Thus comes all irregularities in menstruation, womb and ovarian troubles, backache, headache and physical weakness. All caused by uric acid—uric acid is the enemy of women's health—driving the acid—all to be cured by driving the acid—uric acid—out of the system.

HOW URIC ACID DISEASES BEGIN

Painful, irregular, free or scanty menstruation, backache, bearing down feeling, nervousness, loss of appetite, constipation, sleeplessness, all show uric acid at work. All lead to a life full of misery or the surgeon's knife.

If you have any of the above symptoms of disease, or if your stomach, kidneys or heart is out of order, cure yourself in the common sense way. Get LIFE PLANT from your druggist. LIFE PLANT should be every woman's constant companion in health and disease.

MEDICAL ADVICE AND BOOKLET FREE

Write today, now, for a free copy of valuable booklet showing the way to "Good Health." If there is anything unusual about your case write fully to I. J. Mizer, M. D., President, The Life Plant Company. He will advise you free. Your letter will be returned with his answer.

LIFE PLANT COMPANY, Canton, Ohio

LIFE PLANT IS WOMAN'S STRENGTH

Plain common sense, your own good judgment tells you that to cure disease you must get rid of the thing that causes disease.

Women's diseases as we have just proven to you are largely due to uric acid.

LIFE PLANT is a solvent of uric acid. It dissolves the deposits of uric acid out of the delicate generative organs, corrects all irregularities of menstruation and relieves all ovarian and womb troubles.

To thousands upon thousands of women LIFE PLANT is a constant companion. Write us today for full information regarding LIFE PLANT and valuable free booklet on "Good Health."

Avoid alum and alum phosphate baking powders. The label law requires that all the ingredients be named on the labels. Look out for the alum compounds.

NOTE.—Safety lies in buying only Royal Baking Powder, which is a pure, cream of tartar baking powder, and the best that can be made.

Water Works Smoke Stack.

The contract for the new brick stack at the municipal water plant has been received by the Board of Service from the engineers from Toledo. The engineers have contracted with H. R. Heinicke, of New York, to construct a brick stack 125 high with a diameter of 5 feet inside. The stack will be built of red bricks and will be decorated near the top with buff colored bricks. The board claims that the stack will cost \$1,000 less than the old stack besides the additional saving in the expense of repainting and repairing the steel stack.

Writes for Information.

Chief Sheridan received a letter on Thursday morning from Charles Plum, of Bolden, Colo., asking for information concerning his relatives. The letter stated that Plum's mother died here in 1886 and that soon afterwards he was sent to Iowa to live. Since that time he has heard nothing of his relatives. His father was Ira Plum, a former B. & O. railroad man but is now dead. His uncle was George Brooks, and Constable W. H. Brooks of Justice Lake's court is a cousin. The letter was turned over to the constable who will answer it. Plum is 26 years old and was but six years of age when he left Newark.

Prior to 1886 the prunes consumed in this country came almost entirely from France and the Danubian provinces. The consumption was small and the fruit was considered a delicacy. Now more than 150,000,000 pounds of dried prunes are eaten yearly in the United States and, needless to say, the product is no longer regarded as a luxury.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Restorative—Dr. Shoop's Restorative. Going direct to the stomach nerves, it brought that success and favor to Dr. Shoop's Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had. For stomach distress, bloating, flatulency, bad breath and shallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

Detroit, Mich., Nov. 22.—Fire in the furniture warehouse and storeroom of Owen & Company cost the life of F. F. Martindale, a furniture finisher, and caused damage estimated at between \$50,000 and \$75,000. Martindale was suffocated on the fourth floor.

According to a daily newspaper, land is now being made from pigweed. The old way was to run the pigweed through the hog, but some wise gentlemen have made a machine that works like a hog, so to speak, and refines the land without the help of the aforesaid porker. Please pass the pie, the crust of which is made from pigweed land.

Newark Postoffice.

In now looks as though the people of Newark had been bunched in the matter of securing a government building. All through the campaign the Republicans kept the fact constantly before the people that the securing of a new postoffice building was due to the efforts of Congressman M. L. Smyser, and if they appreciated his efforts they would vote for him regardless of party. Latest advices from Washington, as printed in Wednesday's dispatches, are to the effect that the proposition has been turned down indefinitely. The excuse is given that the prices demanded for a suitable location for the postoffice building are prohibitive from the government's standpoint. The people are now wondering why this announcement was not made several weeks ago.

Those Race Protests Against Roosevelt.

Why all this protest that has been filling the air against President Roosevelt's order discharging the three companies of the Twenty-fifth Infantry for riotous conduct? Sifted to the bottom, the howling protest is raised simply because the discharged soldiers are negroes. No such protest would have been raised had white soldiers been discharged for the same offense. The three companies had been guilty of the most scandalous, riotous conduct in the town of Brownsville, Texas. A number of the soldiers shot up the town and in their rioting killed a white man. In subsequent investigation of the outrage the government made diligent effort to ascertain the names of the men who were implicated in the gross violation of military discipline. All the members of the three companies stood by their guilty comrades and refused to reveal the names of those who had committed the outrage. This was sufficient cause for the President to order the discharge of all three of the companies without honor. It was the President's duty to do so, regardless of whether the soldiers were negroes or whites, if military discipline is to be maintained in the army. The order of the President, therefore, affords no good excuse for injecting the race question into the discussion. Every intelligent American knows full well that no such question would have been seriously raised if the soldiers discharged for the very same offense had been whites. If the discharged soldiers were whites these protests would not be heard. The agitators who have been making these clamorous protests may succeed for a time in making a noise, but if the President stands firmly by his order he will be amply justified and vindicated by the great mass of Americans who uphold law and order.

Newark's High School Building.

(Youngstown Vindicator.) Newark, the county seat of Licking county, will have a new high school building. A picture of the building indicates that Newark, unlike a good many other cities, will get the worth of the money in a high school building that will be a lasting credit to the city and a standing testimonial to the substantial appreciation of education upon the part of the city's taxpayers.

Babcock Had to Go.

(Colliers for Nov. 24.)

Two conspicuous "Standpatters" in Congress, McCleary of Minnesota and Lacey of Iowa, both old in service and high in power, have gone down to a defeat that seems incredible considering the Republican majorities they have had for ten years past; and the lesson of their defeat is a looming shadow of menace to the party of the tariff. An even clearer significance lies in the defeat of Babcock and Wadsworth, and the calamity which seems destined to fall upon Dryden of New Jersey. Babcock was potent in the party. He was on covered committees. Certain of his activities came out in the insurance investigation. Others were alluded to in an article printed by us last spring. At the time, we read in the papers of a libel suit against Collier's, but have heard nothing of it since. Be that as it may, the Republican organization found it expedient to appoint another campaign fund collector. Now a hypersensitive constituency has made it easy for Babcock to escape the public glare. He was not of the fibre to adjust himself to the new dispensation. He had to go.

I CAN CURE CANCER.

At Home Without Pain, Plaster or Operation and I Tell You How, Free.

I have discovered a new and seemingly unfailing cure for the deadly cancer. I have made some most astonishing cures. I believe every person with cancer should know of this marvelous medicine and its wonderful cures, and I will be glad to give full information free to all who write me and tell me about their case.

Peter Keagan, Galesburg, Ill., had cancer of the mouth and throat. Doctors said, "no hope." Mr. Keagan wrote: "It is only a question of a short time—I must die." Today his cancer

IMAGINES SHE IS CASSIE NUMBER 2

Lima, O., Nov. 22.—Possessed with the idea that she was a second Cassie L. Chadwick, Miss Mary Dickman, aged 18, excited Lima mercantile houses by wholesale purchases of silks and satins, buying in one store 12 silk umbrellas and in another \$240 worth of furs. She gave checks on her savings account at the Metropolitan bank in payment, and only when three or four houses had called upon the bank was it learned that though she had money there it was not subject to check. She was taken before the Probate court, found totally unbalanced on money matters and sent to the Toledo State Hospital. She is a member of a highly respected family.

LIVES LOST IN GALES AND FLOODS

CHICAGO IS VISITED BY STORM THAT DOES NO LITTLE DAMAGE.

Kentucky Rivers Out of Bounds.—Indiana Storm—Crops Damaged. Loggers Drowned.

(Buffalo, N. Y., Nov. 22.)—Buffalo was struck by a 66 mile an hour gale early today causing the 50 foot wall at the water works pumping station to collapse. Engineer Brown was buried beneath the debris. A heavy girder just above him prevented tons of wreckage from crushing him. He was rescued by his firemen. The city water supply was shut off two hours. The loss is \$50,000. Shipping is in danger.

Chicago, Nov. 22.—This city was visited by a severe rain, snow and windstorm, which did much damage in the city and suburbs. In the business section of the city a number of signs were blown down and several pedestrians sustained slight injuries. The chimney of a building at 128 Clark street was sent crashing through a skylight covering the kitchen of a restaurant next door. The room was filled with waiters, who became panic-stricken when the mass of bricks came down upon them and fled in wild panic into the dining room. On all sides of the city barns and sheds were unroofed and many of them blown down. In parts of South Chicago the gale blew fences across across the street faster than the police force and firemen could clear them away.

Rivers Out of Bounds. Lexington, Ky., Nov. 22.—Telegrams from all over this state indicate that great damage has been done by the Cumberland, Licking, Red, Kentucky and Big Sandy rivers and other rivers and creeks in the state. From Bowling Green a report comes that the Barren river has risen 25 feet and thousands of logs, railroad ties, fencing, etc., have been swept away. The Green river at Morgan-town has risen 15 feet and thousands of logs have been lost at Ford, Clark county. At Maysville the Ohio river is full of logs. Thousands of logs have been lost on every river in the mountain district.

Storm in Indiana. Indianapolis, Ind., Nov. 22.—A high wind that reached a velocity of 50 miles an hour at times caused much damage throughout the state. The temperature dropped 25 degrees and indications point to colder weather. Reports show several men injured by flying debris. At Fort Wayne a cement house was demolished by the wind and two Polish workmen were seriously injured. At South Bend two workmen were seriously injured.

Crops Damaged. Evansville, Ind., Nov. 22.—Green and Barren rivers are out of their banks, and reports received from Spottsville, Ky., and other points say that great damage has been done to crops and thousands of logs have been lost. The Ohio river continues to rise rapidly here and a great deal of corn is in danger. The White, Patoka and Wabash rivers are out of their banks and rising at a rapid rate.

Loggers Drowned. Barboursville, Ky., Nov. 22.—Telephone reports from Bell county state that three loggers were drowned while endeavoring to prevent a break in a log boom in the Cumberland river, north of Vassito. Their names have not been learned. The loss caused by the breaking boom will aggregate \$50,000.

Swept by Storm. South Bend, Ind., Nov. 22.—A terrific storm swept over South Bend, wrecking small buildings and carrying down telegraph, telephone and electric wires and breaking windows. Albert Koshler and Fred Cook were injured, the former probably fatally, by falling debris.

Much Damage at Muncie. Muncie, Ind., Nov. 22.—Thousands of dollars damage was done by high winds last night. The roof of the

Happiness in a Grain of Wheat

It Contains Every Food Element Necessary for Man's Sustenance. All authorities agree that fourteen elements are needed in the human body to sustain perfect health and that these must be supplied in the food taken into the system. Nature has provided us with one single article of food containing all of these fourteen elements in the exact proportions necessary to supply our bodies with vitality, strength and heat. This food, so wonderful in its composition, is wheat, and intelligent men and women are coming to realize more and more that in the whole of wheat is found the secret of health and happiness. Rich in the nitrates, or muscle-making elements; the carbonates, or heat-producing elements; and the phosphates, or brain and nerve-making elements, the whole grain of wheat supplies every necessity for man's body and mind. This is how Malta-Vita came to be known as "The Perfect Food," for Malta-Vita is simply the whole of the wheat and a little salt, thoroughly steamed and cooked in absolute cleanliness, then mixed with pure barley malt extract, which converts the starch of the wheat into maltose, or malt sugar, an active digestive agent and very nutritious as well. All grocers sell Malta-Vita. Large package, now 10 cents.

Hemphray Glass company's flint glass house was blown off. All the factory smoke stacks were blown down and the roof was torn from the three story Root block. Heavy losses were sustained from broken plate glass in the business district. The oil field is strewn with debris of derricks today.

Four Men Drowned. Holland, Mich., Nov. 22.—Contractor James Bennett of Muskegon and three laborers working on the pier extension were swept from the breakwater by heavy seas during yesterday's storm and were drowned.

SCHOONER WRECKED. Grand Rapids, Mich., Nov. 22.—(Bulletin)—An unknown barge and schooner have been wrecked six miles south of Grand Haven.

STATE NEWS

Tobacco Crop One of the Best. Washington, Nov. 22.—Ohio's 1905 tobacco crop is one of the best and largest ever grown, according to reports on the subject just tabulated by the department of agriculture. Discussing the Miami Valley crop, the reports say that it was larger than the crop of 1905 and that the yield is 1,125 pounds per acre, which is an increase of more than 25 per cent over last year. In the eastern Ohio field the continued wet weather during the summer caused the crop to be of large growth, but coarse and rough, with poor body; yield 635 pounds per acre.

Gale Raged. Toledo, O., Nov. 22.—Toledo was visited by a violent windstorm that did much damage to telephone, telegraph and electric light wires. Mrs. McCain was struck by a piece of iron blown off the Congregational church at Adams and Tenth streets. Her shoulder bone was broken and her head cut. For a time the wind blew at the rate of 70 miles an hour, and the average for the day was 48 miles. Many boats sought shelter in the harbor.

Saloon Fixtures Attached. Washington C. H., O., Nov. 22.—Detectives of the dairy and food commissioner's office have been at work in this city in an effort to catch the persons who have been selling whisky in this dry town. They arrested Dick Collopy, an old veteran, who runs the Farmers' hotel. He was placed on the tax duplicate for the Dow tax and the saloon fixtures, etc., at the hotel were attached.

High Winds. Bucyrus, O., Nov. 22.—A windstorm which approached the fury of a tornado struck this place and vicinity, and great damage was done in this and adjoining counties. The storm broke over this city and in a short time the streets were littered with fallen limbs and other things swept by the high winds.

Lima Banker Ill. Lima, O., Nov. 22.—While in attendance at a funeral Captain Edward Christian fell unconscious from apoplexy, and when revived had a second stroke. Fears are entertained that he will not recover. Captain Christian is a leading manufacturer and banker.

Magnificent Figures. Columbus, O., Nov. 22.—Nearly \$400,000,000 of Ohio capital found investment in new business enterprises during the past year, or was employed in part in enlarging well established concerns to meet the demands upon them. The annual report of Secretary of State Laylin, just filed with the governor, shows that the year just closed exceeds the record of any previous year in the number of new corporations organized and the amount of capital employed to give them life. Manufacturing concerns and railroads lead in the amount of money put into new enterprises.

Warrants For Students. Ada, O., Nov. 22.—A crowd of Ohio Northern students took advantage of President Smith's absence and played havoc around the university grounds. After destroying some personal property they charged on Brown's auditorium with stones, breaking the windows and doing other damage. The faculty had warrants issued for 10 students, charging them with drunkenness and disorderly conduct.

Negro's Deed. Columbus, O., Nov. 22.—Crazed by drink Alfonso Davis, a colored hoodlump, shot his mother-in-law, Irene Thomas, probably fatally. Davis came home and immediately started a quarrel with his mother-in-law, ending with a demand that she leave the room. When she refused he began shooting. Davis escaped.

Fatal Fall. Lorain, O., Nov. 22.—Nicholas Nuto, employed in the Nickel Plate construction gang, fell from the railroad bridge over Black river to the rocks 60 feet below. He struck on his head fracturing his skull and breaking his neck. Death was instantaneous.

Crushed to Death. Dayton, O., Nov. 22.—Ralph Aleshire, 28, an employee at the Haas tobacco warehouse, was instantly killed by being crushed between the elevator and a floor of the building. Aleshire and his wife came from Springfield, O., a week ago.

Rev. Father Mears. Cleveland, O., Nov. 22.—Rev. Father Edward Mears, who for 20 years was rector of St. Columba's church, Youngstown, is dying in Cleveland from pneumonia. He is at St. Vincent's hospital.

VENGEANCE

Sworn Over Coffin of Slain Chicago Patrolman by Five of His Relatives.

Chicago, Nov. 22.—A vow to capture, dead or alive, Guy Van Tassel, who shot and killed Patrolman Luke Fitzpatrick Monday morning has been taken by five relatives, all policemen, at the funeral and over the coffin of the slain officer, just before the body was carried from the house. The men are his brother, Patrolman James Fitzpatrick, and his four cousins, Patrolman Joseph Hallinan, Sergeant James F. Day, Patrolman James McMann and Lieutenant Jas. Mooney. In the Fitzpatrick home at 6549 Evans avenue, the five men assembled in the front room where lay the bullet riddled body of their kinsman. "We should pledge ourselves to hunt down this slayer and bring him to justice, dead or alive," said the brother, clenching his teeth. "Yes," came the response from the relatives, "dead or alive, we will find him if it takes years. He is somewhere on this earth and we will get him if he lives." "Let's pledge ourselves to his capture," said the brother, and the five men arose as one and solemnly made the vow of vengeance. Hanson, the wounded safe blower, was moved from St. Bernard's Hospital under a heavy guard to the county jail hospital, where he made another statement to the effect that the fugitive, Van Tassel, would never surrender alive, and that the police man who tackled him would do well to "get the drop" on him first. Chief Collins announced that a reward of \$500 will be offered for the capture of Van Tassel.

RHEUMATISM BADLY CRIPPLES A BALDWINVILLE FARMER. URIC-O QUICKLY CURED HIM. Mr. Frank Howe a prominent farmer of the town of Van Buren, says:—"During a siege of the most painful form of Rheumatism, which lasted two years, I did everything that was possible with the aid of money to find relief. I spent several hundred dollars, and seemed to grow worse instead of better each day. Being on crutches and forced to drive to the train and then hobbling to the doctor's office, became very discouraging, let alone the sleepless nights and the fearful hours of pain. Being advised by a friend to try Uric-O, I purchased a bottle and began its use as directed. In less than 24 hours these fearful sciatic pains left me, my blood seemed to let loose and flow freely, I felt different, and knew at once that I had found a cure, as I slept and rested all that night, something I had not done before in two years. I used in all six bottles of Uric-O, and can truthfully say that I have never felt a return of the disease, and have had no use for crutches or cane since the first day's treatment. I invite all Rheumatics to write me and learn further truth concerning this wonderful remedy." (Signed) FRANK HOWE. Baldwinville, N. Y., R. F. D. Smith's Specific Uric-O can be obtained from Druggists at \$1.00 per bottle. Samples and circulars will be cheerfully sent free by addressing the SMITH DRUG COMPANY, SYRACUSE, N. Y. Uric-O is sold and recommended in Newark by Frank D. Hall, North Side Square.

Plenty of Newark Readers Have This Experience.

You tax the kidneys—overwork them—

They can't keep up the continual strain.

The back gives out—it aches and pains;

Urinary troubles set in.

Don't wait longer—take Doan's Kidney Pills.

Newark people tell you how they act.

M. B. Melick, driver, of 54 West Church street, Newark, O., says:

"For a long time I was suffering from a constant sickening pain in the small of the back and in the hips. Any quick movement was followed by sharp darting twinges that caught me suddenly and almost doubled me up. I suffered so from pains through the hips that at times I was almost laid up. Liniments and hop applications had little effect on it and I began using various medicines recommended for such troubles. I had little success until I got Doan's Kidney Pills at Crayton's drug store. It was the only remedy that really found the right spot. It banished my troubles in time, and I have had no return of any symptom of kidney complaint since using it."

ANOTHER DAY TO HUNT SAYS CIRCUIT COURT

Coshocton, Nov. 22.—By a decision of the Circuit court handed down in the case of T. S. Elson of Coshocton, plaintiff in error against the State of Ohio, it is declared lawful to hunt quail on December 5, the date to which the game season runs, as stated in the law.

Elson had been arrested by game wardens, tried in the lower courts, convicted and fined \$50 for hunting on this date, December 5, it being claimed the law excluded this day from the open season. The circuit court reversed the lower court and so extends the hunting season one day over the state this fall.

A DECREASE IN EXPENDITURES OF RAILROADS

ERA OF RIGID ECONOMY PLANNED BY RAILWAY SYSTEMS OF UNITED STATES.

ENGINEER TAKES THE BLAME

B. & O. Callers' Dance—Killed on Rail—Local and General News of the Railways.

Chicago, Nov. 22.—An era of rigid economy has been planned by the railway systems of the United States, and the plans will, it is said, result in a decrease in expenditures during the next 12 months of between \$80,000,000 and \$100,000,000, as compared with the sums spent during the year just closing. The railroads declare they have been forced into an adoption of this policy in self-defense.

Among other matters the subject of expenditures has been the topic of discussion at executive officials' gatherings in Chicago and in the east for the last three months. At these meetings of the officials every railroad represented gave information regarding the expenditures planned for the coming year. In the aggregate it was found that among the roads having headquarters in Chicago the decrease in expenditures would be fully \$80,000,000. The expenditures referred to are what are known among railroad magnates as "extra," and are for extension of lines, building of spurs, side tracks, new engine houses and the betterment of roadbed and track.

The reasons assigned by the railroad men for this move in economy are increased demands of labor, which will cost the railroads between \$80,000,000 and \$100,000,000 in excess of the wages paid last year; increased cost of all supplies and materials; scarcity of labor, making it almost impossible to secure men for extension of old lines and the construction of new; inability to get supplies promptly; the general tendency of freight rates, which it is claimed, is downward, while the price of everything else is increasing; uncertainty regarding the effect of the rules of the interstate commerce commission; increasing difficulty in securing money to invest in railway ventures, with which to carry on improvements, and continued public agitation, which is alleged to be hostile to corporations and to railroads especially.

ENGINEER

Takes All the Blame For the Disastrous Woodville Wreck.

Valparaiso, Ind., Nov. 22.—Official inquiry, the first of its kind ever instituted in Indiana, was begun here into the Woodville wreck by the state railroad commission. After the witnesses were examined by Coroner Carson of Porter county they were re-examined by the commission. Before the commission Frank Detmair, the engineer of the first section of the Baltimore & Ohio passenger train, broke down and took the entire blame for the wreck, in which over 60 lives were snuffed out. He said he got no answer from the freight train on the siding to his regulation whistle signal that his train was carrying signals for a following section. He asserted that he took it for granted everything would be all right. Detmair wept bitterly before the commission and said he wished no one but himself blamed for the Woodville wreck.

B. & O. Callers' Dance.

As has been the custom for a number of years, the B. & O. Railroad Callers of this city will give their annual ball on Thanksgiving eve, November 28, at the armory on East Main street. The committee of arrangements is leaving nothing undone that will tend to the success or enjoyment of the occasion. Marsh's orchestra will furnish the music for the occasion.

Car Inspector Killed.

James Hooten, car inspector, was killed instantly at Bellare, O. It was between the bumpers inspecting a car when an engine backed the train.

Woman Killed by Train.

While walking on the railroad track at Tiffin, O., Frank Nedrow, his wife and two children were run down by a Big Four night train. Mrs. Nedrow was instantly killed, the rest escaping with bruises.

Director, to Consider Increase.

At a meeting of the newly elected board of directors of the B. & O. Railroad company to be held in Baltimore early next month, the question of advancing the wages of employees will be considered. Numerous reports are being circulated regarding the action to be taken by the transportation employed on that road in connection with the demands made some weeks ago for higher wages. It was learned yesterday that no action will be taken by the directors until it is determined what advances, if any, will be made by the directors.

It is generally believed favorable action on the wage question will result. In 1933 there was a general

readjustment of salaries by the company, some employees getting increases of 10 per cent and some as much as 25 per cent, while the salaries of others remained unchanged. Since then there has been no general increase, but President Oscar C. Murray has inaugurated a promotion system, and now, every time there is a vacancy it is filled by a man in the service instead of bringing in an outsider.

The B. & O. employees on its entire system about 57,000 men. Of this number about 95 per cent get less than \$200 a month, and it is estimated that if the rate adopted by the Pennsylvania and other large companies is put in effect it will cost the company about \$1,000,000 per year to increase the wages.

Local Railway Notes.
Engineers J. Donney, W. Guttridge and O. Howard are laying off for a few days.

James Hunter and R. Mercer, popular B. & O. engineers, after a short absence, have been marked up for service.

Fireman William Baker, O. S. Young and Gehring after having been laid off for some days, are again at work.

Firemen J. Ford, C. Molter, W. S. Johnson and A. H. Rine are laying off for a few days.

"Chief Wants Your Star"

The chew that's always asked for—the chief want of every chewer—the standard chew for over forty years—still, as always, both the best and most economical chew made is

STAR

PLUG CHEWING TOBACCO

Only the choice, ripe, fine-bodied leaf is good enough for "Star"—that's why it is so sweet, juicy and so lasting—that's why a 10c. plug of "Star" chews better and twice as long as other chews that seem bigger.

Everywhere the call is for "Star"—every time it's the chew that is chosen—and every bite is "chewed dry."

AS A MURDERESS

Two Women Denounce Their Mother Before Officers of the Law.

New York, Nov. 22.—In the office of District Attorney Jerome here, two young women openly denounced their mother as a murderess. The women are Mrs. Marie Schoch, recently a resident of Massachusetts, and Mrs. Wilhelmina Ibrig of this city. The mother whom they accused is Mrs. Wilhelmina Eckhardt, who was arrested by representatives of the county medical society on a charge of having performed a criminal operation. The arrest was made upon information furnished the society by the daughters, and the two younger women appeared voluntarily at the district attorney's office to amplify the testimony they had already given against their mother.

Both Mrs. Schoch and Mrs. Ibrig declared they had seen Mrs. Eckhardt kill hour-old infants and dispose of their bodies by burning them in her kitchen stove. They said also they had seen Mrs. Eckhardt perform criminal operations upon women in her East Ninety-third street home, and Mrs. Ibrig declared that her mother had quarreled with her because she refused to assist in burning the bodies of babies.

Public Execution.

Center, Tex., Nov. 22.—Dick Garrett, the negro who killed Dr. Pauls at Grovetown, Trinity county, a few days ago, was hanged by the sheriff in the presence of an immense crowd. He waived all rights and pleaded guilty at a hearing.

LIVES LOST.

Steamer Kaiser Wilhelm der Grosse Damaged in Collision.

Cherbourg, Nov. 22.—A dispatch received here reports that the North German Lloyd steamer Kaiser Wilhelm der Grosse, which left Southampton and Cherbourg for New York, has been in collision with the Royal mail steamer Orinoco. Both vessels were severely damaged. It is declared that four members of the crew of the Kaiser Wilhelm were killed, while 12 were injured. Five members of the crew of the Orinoco are missing and supposed to have been drowned. The Orinoco left Southampton for West Indian ports and New York.

Postmaster Robbed.

G. W. Fouts, Postmaster at Riverton, Ia., nearly lost his life and was robbed of all comfort, according to his letter, which says: "For 20 years I had chronic liver complaint, which led to such a severe case of jaundice that even my finger nails turned yellow; when my doctor prescribed Electric Bitters; which cured me and have kept me well for eleven years." Sure cure for Biliousness, Neuralgia, Weakness and all Stomach, Liver, Kidney and Bladder derangements. A wonderful tonic. At F. D. Hall's drug store. 50 cents.

Collided Head-on.

Hilton, Colo., Nov. 22.—Santa Fe passenger train No. 5, westbound, and No. 6, eastbound, collided head-on here. Fireman Kerr was killed, two passengers, names unknown, were probably fatally injured, and several other persons were shaken up severely. Both locomotives and the mail car of the eastbound train were demolished. The engineer of No. 5 was unable to control the airbrakes.

Easily Carried About

The advantages of a Perfection Oil Heater are realized when you want to heat some particular room or hallway in a hurry. Here's a heater that you can easily carry about; something you cannot do with your other stoves. Far superior to other oil heaters and a necessity in houses that are hard to heat. The

PERFECTION Oil Heater

(Equipped with Smokeless Device)

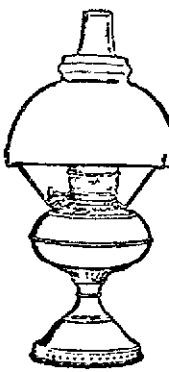

gives intense heat and is as easy to operate as a lamp. The wick cannot be turned too high or too low. The smokeless device prevents all smoke and smell. Brass oil fountain beautifully embossed. Holds 4 quarts of oil and burns 9 hours. Ornamental as well as useful. Two finishes—nickel and japan. Every heater warranted.

If not at your dealer's write our nearest agency for descriptive circular.

The Rayo Lamp

is unexcelled in light-giving power; absolutely safe; perfectly constructed, and is the best lamp for all-round household use. An ornament to every room. Made of brass throughout and nickel-plated. Every lamp warranted. If not at dealer's, write to nearest agency for descriptive circular.

Arctic Steamer Roosevelt Leaves for Port au Basque to Take on Coal.

St. George's Bay, N. F., Nov. 22.—The Peary Arctic steamer Roosevelt sailed for Port au Basque, where she will coal and proceed to Sydney, N. S. The Roosevelt with the exploring party on board arrived here Saturday short of fuel. The vessel took on eight tons of coal, all she could obtain, but not sufficient to carry her across the Gulf of St. Lawrence. Since loading, the Roosevelt has awaited favorable weather to proceed.

GREEN INDICTMENT

Charging Conspiracy and Bribery is Quashed—Acquitted on Three of Four Indictments.

Washington, Nov. 22.—Justice Stanford made the formal order of nolle prosequi in the case of former State Senator George F. Green of Binghamton, N. Y., charged with conspiracy and bribery in connection with the postoffice irregularities of 1903. Green was acquitted on three of the four indictments returned against him and the government recently announced its decision to abandon the remaining indictment.

BUSCH PARTY WENT TO TOLEDO FROM NEWARK

At the meeting of the directors of the American Bottle company here the former officers were re-elected, including Mr. E. H. Everett, general manager.

Mr. and Mrs. Everett entertained in honor of Adolphus Busch in the afternoon. The guests included Mr. Busch and his personal staff consisting of Col. Conrad, Mr. Nicholas, and Mr. Koenig. Mr. and Mrs. King were also guests.

At 5:50 a. m. Wednesday the party left over the Pennsylvania in Mr. Busch's car for Toledo, being accompanied by Mr. Everett. The special car owned by Mr. Busch is generally conceded to be one of the costliest, finest, and most thoroughly equipped private cars in the United States. Mr. Busch is the head of one of the largest breweries in the world, located in St. Louis. Mr. Everett returned to this city Thursday.

PILES CURED

Suffering for Years, and Bed-ridden From Piles, a Massachusetts Man is Cured by Pyramid Pile Cure.

Trial Package Mailed Free to All Who Send Name and Address.

"I tried the sample of your cure you sent to me. I used it and then bought a 50c box. The results were immediate and surprising to me, I assure you. I had been to a dozen of the best doctors and paid much money to them with no results whatever. I had this affliction for 20 years. I was in a hospital for a long time, and I left it physically broken down. I have been so bad for months at a time as to be unable to walk. Having a friend who lost his life by an operation, I desisted from ever having that experiment tried on me. I owe you a debt of gratitude. I believe that piles would be banished from humanity and become an unknown thing, were every one afflicted with them to but spend from 50c to \$1.00 for Pyramid Pile Cure. Its speedy action also makes it extremely favorable for impatient people. I am yours sincerely, George H. Bartlett, Mattapan, Mass."

Instant relief can be gotten by using the marvelous Pyramid Pile Cure. It immediately reduces all congestion and swelling, heals all sores, ulcers and irritated parts. The moment you start to use it your suffering ends and the cure of your dread disease is in sight.

The Pyramid Pile Cure frequently renders a surgical operation unnecessary. Don't subject yourself to this except as a very last resort.

The Pyramid Pile Cure is put up in the form of "easy to use" specially made suppositories. They are soothing, painless, instant and certain.

A trial treatment will be sent you at once by mail, in plain, sealed wrapper, without a cent of expense to you, if you send your name and address to Pyramid Drug Co., 60 Pyramid Building, Marshall, Mich.

After you receive the sample, you can get a regular size package of Pyramid Pile Cure at your druggist's for 50 cents, or if he hasn't it, send us the money and we will send it to you.

Flyer Wrecked.

Buffalo, N. Y., Nov. 22.—The Pittsburgh flyer on the Buffalo, Rochester & Pittsburgh railroad was wrecked near Golden. About 15 persons were injured. No one was killed. Nine of the injured were brought here. The cause of the wreck is unknown. Three cars of the train jumped the track and toppled over into a ditch. The engine remained on the track.

PUPILS PAID PRINCIPAL HUNDRED PENNIES EACH

Mt. Vernon, Nov. 22.—At the Zanesville-Mt. Vernon football game here last week, several Zanesville players were pounced upon by local high school pupils and a number of blankets taken. These were torn into strips for souvenirs. Principal Alan did not approve of the action and learned the names of the girls and boys and assessed them \$1 each to pay for the blankets Tuesday afternoon the girls and boys paid up, each bringing 100 pennies. Principal Alan has almost a half bushel basket full of pennies.

AMUSEMENTS

CRESTON CLARK TONIGHT.

Creston Clarke whose artistic rendition last season of the difficult role of Monsieur Beaucaire, gained for him the exceptional high praise of "the best romantic actor upon the stage today," has this season had conferred upon him the equally distinctive title of "the best emotional actor of the present time." His interpretation of the modern role of John Morton, the clergyman, in "The Ragged Messenger," which he will give at the Auditorium tonight is said to be as rare an exhibition of emotional acting as has ever been seen. He brings to the part the same intelligence, finish and inspirational spark as have always characterized his work. His countless admirers in this city are planning a royal welcome for him.

THE PRINCE CHAP.

Cyril Scott, the star in Edward People's comedy success, "The Prince Chap," is not only an excellent actor but one of the cleverest bowlers in the United States. In London, Eng., where he spent his boyhood he acquired his taste for athletics in every form, but it was not until he had become a full fledged actor in the United States that he became interested in bowling and achieved such supremacy that the best bowlers in New York feared to meet him in match games. German friends of Scott, who dearly love the game that Henrik Hudson could play so well, have endeavored to prove the star a German, saying that he could not bowl so well if he were an Englishman, and in writing to him in their humorous way, they address him as "Mr. Cyril Skat." Auditorium, Tuesday, November 27.

OUR NEW MINISTER.

On Thanksgiving afternoon and night, November 29, Manager Matthews will present at the Auditorium "Our New Minister." This is identically the same company that appeared here two seasons ago and delighted a large audience.

ORPHIUM THEATER.

The La Jesses, contortionists and aerial act at the Orphium is certainly an act that the people of Newark should see this week. They do feats that are marvelous. On Friday evening comes the amateur contest at both shows. Two prizes given to the best amateur. Saturday at 3 p. m., school children's matinee. A set of dishes and pair of skates given away.

TUESDAY NIGHT LECTURE.

The first number of the International Lecture Association course will be given in the Fifth street Baptist church Tuesday night, November 27 by S. M. Spedon on the subject "Things We Laugh and Wonder At." Course and single tickets at City Drug Store now on sale and on the evening of the lecture at the church. 22-2t

REPUBLICANS

Report Their Campaign Expenses in the State of New York.

Albany, N. Y., Nov. 22.—The Republican State committee has filed a statement of its receipts and expenditures during the recent campaign and election.

It certified that it received \$333,323, of which \$315,923 was in contributions and \$20,000 was borrowed from Timothy L. Woodruff, chairman of the Republican State committee. The expenses were \$332,011.

Among the contributors were: J. P. Moran, \$20,000; L. P. Morton & Co., \$20,000; Timothy L. Woodruff \$10,000; Andrew Carnegie, John D. Rockefeller Jr., \$5,000; C. M. Depew and Governor Grant W. Higgins, \$2,500 each.

According to the Washington Post, quoting a cashier, bank officials do not prefer fresh, new bills to old ones. "Everybody doesn't care for new greenbacks," said a cashier. "It is a common idea that bank cashiers do not care to give an even paper money. As a matter of fact, nine cashiers out of every ten try to get rid of new money as quickly as possible after receiving it. There is grave danger to the average paying teller in handling unused money. New bank notes stick together. Frequently the ink is not thoroughly dry."

DAY'S BUSINESS IN COURT HOUSE

SESSION OF COMMON PLEAS IS
HELD TO READJUST THE
ASSIGNMENT.

Mrs. Maud Barnett Begins Action
for Divorce and Alimony—Real
Estate Transfers.

The Court of Common Pleas held a session Thursday morning for the purpose of readjusting the assignment of cases heretofore made. An assignment of cases had been made three weeks ago, and owing to certain cases dropping out by settlement or otherwise and the trial of others, it made a readjustment necessary.

Answer Filed.

In the case of Herman Grubb vs. John W. Shaw and Ernest Burgess, one of the defendants, has filed his answer in which he denies all the allegations made and asks that he be dismissed with his costs. Hunter & Hunter and S. L. James, attorneys for Ernest Burgess.

Motion for New Trial.

In the case of Iddo Hamilton vs. Jas. B. Stone the plaintiff has filed a motion for a new trial for the following reasons:

First, the court erred in ruling out legal and proper evidence offered by the plaintiff upon the trial of the case.

Second, the court erred in admitting illegal and improper evidence on behalf of the defendant in the trial of the case.

Third, the court erred in refusing to instruct the jury as requested by the plaintiff.

Fourth, the court erred in instructing the jury as requested by the defendant.

Fifth, the court erred in its instructions to the jury.

Sixth, the verdict of the jury is contrary to the evidence.

Seventh, the verdict of the jury is contrary to law.

Eighth, the verdict is for the defendant when it should have been for the plaintiff.

Ninth, other errors appearing upon the record.

S. L. James and Flory & Flory, attorneys for the plaintiff.

Barnett Divorce Suit.

Mrs. Maud M. Barnett has filed a petition in the Probate court, in which she seeks a divorce from Benjamin E. Barnett. She says she was married to Barnett in Muncie, Ind., on May 14, 1895, and that two sons, Glen and Charles Barnett, have been born of the marriage. She charges her husband with neglect of duty, habitual drunkenness and desertion. She asks the court to allow her to be paid by the defendant such alimony pending this suit as will be sufficient to enable her to prosecute this action and that on the final hearing she be given a decree of divorce, custody of the children and that she be awarded such alimony as the court shall deem proper. Edward Kibler, attorney for the plaintiff.

Case Dismissed.

The case against Charles Van Fossen, charged with non-support of his children, was dismissed by Justice Nash without prejudice. Mrs. Statia Van Fossen, divorced from Charles Van Fossen, after the decision of the court figured in a marriage license taken out by Charles M. Cramer.

Claims Lloyd Adopted Him.

A partial hearing was had in the Probate court Thursday in the case of Eric Owens against James Lewis and others. This is a case in which Eric Owens seeks to have the alleged burned record of his adoption as an heir of David W. Lloyd restored. The plaintiff claims that Lloyd adopted him about 1855, and that the record was destroyed in the fire which burned the Court House in 1875. The plaintiff is now a man past middle age, residing in the west, and seeks to establish his claim to the estate of Lloyd.

Court Notes.

Milwaukee is a great ship-building city. Thousands of "schooners" are annually pushed over the bar in that city.

GRANVILLE NEWS

Granville, Nov. 22.—One of the most thoroughly enjoyable musical entertainments given in Granville this season was the Senate Recital given at Recital Hall on Wednesday evening by Prof. Arthur L. Judson, violinist, and Miss Dorothy Kibler, pianist, both of the Conservatory of Music, Denison University. There was a large and appreciative audience in attendance and the entertainment was greatly enjoyed. The violin playing of Prof. Judson was unusually fine and deserves special mention for its sweetness of tone and for the skill and gracefulness with which he manipulates this kind of instruments. He is unquestionably one of the finest violinists in the country.

Miss Dorothy Kibler, daughter of Hon. Edward Kibler of Newark, as a pianist, is an artist of exceptional ability, and the numbers rendered by her were executed in a meritorious manner which won for her the applause of all present.

Judge S. S. Downer of Boulder Col., son of Mr. E. M. Downer of this place, who went from Reno, Nevada, to Washington, D. C. some time ago, on business, arrived in Granville on Wednesday and joined his wife and daughter, who have just returned after a year's stay in Europe. They left for their Colorado home Thursday morning, going via B. & O. R. R.

Mrs. G. M. Patterson and daughter, Miss Merv, who have been here for the past several days visiting friends,
